FOR IMMEDIATE RELEASE

Econolite Control Products, Inc. North American Distributor and Manufacturer of Autoscope 2004 Receives ISO-9002 Certification

Saint Paul, Minn., April 6, 1998-- Image Sensing Systems, Inc., (NASDAQ/Small Cap: ISNS) is pleased to announce that Econolite Control Products, Inc., of Anaheim, California, its North American distributor and manufacturer of the Autoscope 2004 product achieved ISO 9002 certification. The scope of the ISO 9002 certification is for the quality management system in the manufacturing of the Autoscope 2004 product, a machine vision product for the Intelligent Transportation Industry.

ISO 9002 Quality Management System is recognized worldwide. The ISO 9002 certification by Econolite Control Products, Inc., will ensure that customers worldwide will receive a world-class machine vision product that will meet or exceed their expectations. AOQC Moody International, Inc., assessed the ISO 9002 certification for Econolite Control Products, Inc.

Image Sensing Systems, Inc., is very pleased with the ISO 9002 certification and the hard work that was rendered by Econolite Control Products, Inc., to attain this certification.

The Autoscope system offers ideal solutions to advanced traffic management projects for intersections, freeways, bridges, and tunnels. Today, there are more than 2,000 installations employing more than 5,000 cameras worldwide. The Autoscope system is a recognized leader of machine vision solutions for advanced traffic management systems.
