

April 7, 2022

Dear Valued Partner:

Please accept this document as notification that effective 31 Dec 2021, Image Sensing Systems, Inc. (ISS) will no longer be offering the Autoscope Pn and Sn products for sale. The final shipments for this product will be 31 May 2022. ISS will honor our warranty obligation for this equipment until 31 Dec 2023, at which time we will no longer support or repair and the product has reached the end-of-life.

The Autoscope Pn and Sn video detection products were introduced into the traffic management industry over 10 years ago. Some parts necessary to build these products have become obsolete. As a result, ISS must discontinue the Pn and Sn models of video products. In planning for this event, ISS is working to provide new products as alternatives.

Please contact your regional distributor, or sales representative with any questions.

Affected Products or Service

Product	Replacement/Upgrade Suggestion
Autoscope Pn and Sn Models	IntelliSight

Thank you for your continued business. We look forward to hearing from you on how we can assist you with your traffic management goals.

Sincerely,

Rick Maus
Senior Product Manager, Autoscope
