

Autoscope IntelliSight

v4.4.3 Release Summary
June 2025

Overview

We have implemented performance improvements to the Autoscope IntelliSight version 4.4.3 release.

Performance Improvements

We made improvements in detection in the following areas:

- Improved detection at night for advance zones in some cases, like snow or bright scenes.
- Reduced false calls during nighttime.
- Over improvement in other areas.

Documentation

HTML Help is accessible using the F1 function key. You may also access the Help files directly from the Start menu without running the client application. Help files are also available online. Scan the QR code to the right to access the Online Help or by visiting bit.ly/3PB3ztL

The **User Guide** is accessible from the Image Sensing Systems website. This guide has both the Autoscope Hardware Installation Guide and the Supervisor Software User Guide. Scan the QR code to the left to access the User Guide or by visiting bit.ly/4847bgx then refer to **Downloads - Documentation - Autoscope IntelliSight User Guide**.
